REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present claims 1-8 are allowable over the applied art of record for the following reasons:

The prior art of record does not teach or suggest in an electronic device that accepts drawn graphic entries and includes a screen display, a method for creating headings in text displayed on the screen, including the steps of drawing a staircase object having at least one vertical segment joined to at least one horizontal segment to define at least one step; recognizing the drawn staircase object; entering at least one alphanumeric character adjacent to said at least one step to define a heading style for said at least one step and create a staircase formatting object; substituting a graphic object for said at least one alphanumeric character; thereafter automatically creating a heading having said graphic object wherever said at least one alphanumeric character appears at the beginning of a line in said text. Specifically, the prior art of record fails to teach or suggest entering at least one alphanumeric character adjacent to at least one step to define a heading style for said at least one step and create a staircase formatting object, substituting a graphic object for said at least one alphanumeric character, thereafter automatically creating a heading having said graphic object wherever said at least one alphanumeric character appears at the beginning of a line in said text.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
